In keeping with our tradition of supporting the House of Ruth in Baltimore, we are once again collecting gloves, hats, scarves and mittens for the women and children who have been victims of domestic abuse and seek shelter at the House of Ruth. Champe and Sue ask you to help make the boys and girls feel special by bringing along just one of these items. If you are too busy to shop yourself and would like to make a donation, we would be very happy to be your personal shoppers. We look forward to seeing you on the 14th.
