LEED Green Associate class

Tuesday October 5 8:30 am - 4:30 pm \$310 - members \$ 365 non-members

The LEED Green Associate credential will make individuals substantially more marketable to clients, as it will confirm your knowledge about the green building industry and commitment to sustainability. To pass the GBCI (Green Building Certification Institute) exam requires a level of fundamental knowledge relating to LEED core concepts and strategies. This class is tailored to a broad audience so that anyone can understand the course content and go on to pass the GA Exam.

LEED Accredited Professional +Building Design & Construction Class

Wednesday October 6 8:30 am - 4:30 pm \$310 - members \$365 non-members

Replacing the LEED AP for New Construction exam track, this specialty provides a standard for professionals participating in the design and construction phases of high-performance, healthful, durable, affordable, and environmentally sound commercial, institutional, and high-rise residential buildings. The AP+ BD&C is now designated a Tier 2 Accreditation, you will need to have passed the GA exam and have experience on a LEED project.

WHO SHOULD ATTEND AND WHY?

These courses target a broad range of audiences so that anyone can understand the content, and go on to pass the exams. Contractors, subcontractors, real estate brokers, Architects, accountants, manufacturers, lawyers, government agencies, non-profits, educators, city planners, project financiers and numerous allied businesspeople in the green-building sector will find the LEED an effective credential, demonstrating to their clients that they have considerable familiarity with green building, making them effective advisors in their fields.
