Do you know what your requirements are to submit an Accident Prevention Plan to USACE-Baltimore District?

Here is a one-day class taught by USACE Safety & Health personnel to inform on the plan components needed to submit a **successful** Accident Prevention Plan based on the Corps of Engineers Revised Safety & Health Requirements Manual – EM 385-1-1.

Expected Topics to be Covered

- Identify specific components of an Accident Prevention Plan
- What supporting documentation is required?
- e.g. Competent Person Resumes
- How to write an Activity Hazard Analysis
- Identify specific mandatory training/certifications
- Safety & Health Inspections
- Accident reporting/Exposure data (man-hours worked) procedures
- Medical support requirements & other Plans/Programs/Procedures required by the **new** EM-385-1-1 Safety & Health Requirements Manual.
- How to avoid the top 10 areas most commonly missed in Accident Prevention Plans

To register for this class please fax 410-339-5273 or email sue@marylandagc.org the completed registration form. Thank you
